Everyman's Eden Ralph Joseph Roske 1968

Ptolemy's Almagest Ptolemy 1998-11-08 Ptolemy's Almagest is one of the most influential scientific works in history. A masterpiece of technical exposition, it was the basic textbook of astronomy for more than a thousand years, and still is the main source for our knowledge of ancient astronomy. This translation, based on the standard Greek text of Heiberg, makes the work accessible to English readers in an intelligible and reliable form. It contains numerous corrections derived from medieval Arabic translations and extensive footnotes that take account of the great progress in understanding the work made in this century, due to the discovery of Babylonian records and other researches. It is designed to stand by itself as an interpretation of the original, but it will also be useful as an aid to reading the Greek text.

The Britannica Guide to Genetics Britannica 2009 The Britannica Guide to Genetics is the ideal companion for students or general popular science readers who wish to know the facts behind the latest research and discoveries. After the Introduction from bestselling science writer and geneticist Steve Jones the book covers the entire history of genetics from Gregor Mendel's first experiments with peas at the end of the nineteenth century to the announcement of the Human Genome Project in 1998. Throughout the twentieth century new discoveries about the qualities of our genes have been heralded as essential leaps of progress in modern science forcing us to ask how much do our genes determine our personalities? What makes us different from other species? But as we enter the twenty-first century and we have begun to manipulate genes and the genome the questions have changed.

Britannica Encyclopedia of World Religions Wendy Doniger 2006 The Britannica Encyclopedia of World Religions gives students greater insight into the stories behind the headlines by providing in-depth coverage of the religions that shape the world. This authoritative and comprehensive book answers your questions and exposes you to the concepts, movements, people, and events associated with living and ancient religions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

The Myth of the Britannica Harvey Einbinder 1964

History of the World Map by Map DK 2018-10-04 Maps don't just show us where to go, but also where we've been. A stunning overview of all human history, side by side with 140 custom maps. Learn how something like the printing press can define a time, or how the Allies in Europe could defeat the Nazis. There is so much to read about in this remarkable history book, and just as much to look at. Maps are more than the topography of the Earth, or the borders of countries. Maps can represent the movement of people and ideas, and they provide a unique way to explain historical themes and explore sweeping periods of time. This stunning visual reference book starts with the evolution and migration of our oldest ancestors out of Africa. You can then look up maps about the Greece and Persian War, the Mongol Conquests, Medieval Europe's trade routes, and the rise of the Ottomans. There are maps about the colonisation of North America, the scientific revolution, Napoleon's advances, and Britain's control of India. There's more in later centuries, such as the Age of Imperialism, the American Civil War, industrialised Europe and the transformation of Japan. This history book reaching across millennia gives you a broad view of the pivotal events in our past. With 140 maps, complimented with pictures, info boxes and timelines, there's so much to enjoy and learn about. You will gain a strong understanding of some of the forces and movements across continents that have shaped our world. A Map Guided Tour of World History Inside this beautiful cover is concise and fascinating historical information, 140 custom maps and many ways to engage in history that will interest many readers, from students wanting additional resources for school, to history buffs that love a good book and cartography. Go on guided tour through time: - Prehistory 7 MYA-3000 BCE - The Ancient World 3000 BCE - 500 CE - Middle Ages 500-1450 CE - The Early Modern World 1450-1700 - Revolution and Industry 1700-1850 - Progress and Empire 1850-1914 - The Modern World 1914-Present

Encyclopaedia Britannica. 15th ed 1989

Encyclopedia of Leadership George R. Goethals 2004-02-29 The Encyclopedia of Leadership brings together for the first time everything that is known and truly matters about leadership as part of the human experience. Developed by the award-winning editorial team at Berkshire Publishing Group, the Encyclopedia includes hundreds of articles, written by 280 leading scholars and experts from 17 countries, exploring leadership theories and leadership practice. Entries and sidebars show leadership in action - in corporations and state houses, schools, churches, small businesses, and nonprofit organizations.

The Encyclopaedia Britannica 2020-12-15 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Treasury of Thought Maturin Murray Ballou 1894

The Know-It-All A. J. Jacobs 2004-10-01 33,000 pages 44 million words 10 billion years of history 1 obsessed man Part memoir and part education (or lack thereof), The Know-It-All chronicles NPR contributor A.J. Jacobs's hilarious, enlightening, and seemingly impossible quest to read the Encyclopaedia Britannica from A to Z. To fill the ever-widening gaps in his Ivy League education, A.J. Jacobs sets for himself the daunting task of reading all thirty-two volumes of the Encyclopaedia Britannica. His wife, Julie, tells him it's a waste of time, his friends believe he is losing his mind, and his father, a brilliant attorney who had once attempted the same feat and quit somewhere around Borneo, is encouraging but, shall we say, unconvinced. With self-deprecating wit and a disarming frankness, The Know-It-All recounts the unexpected and comically disruptive effects Operation Encyclopedia has on every part of Jacobs's life -- from his newly minted marriage to his complicated relationship with his father and the rest of his charmingly eccentric New York family to his day job as an editor at Esquire. Jacobs's project tests the outer limits of his stamina and forces him to explore the real meaning of intelligence as he endeavors to join Mensa, win a spot on Jeopardy!, and absorb 33,000 pages of learning. On his journey he stumbles upon some of the strangest, funniest, and most profound facts about every topic under the sun, all while battling fatigue, ridicule, and the paralyzing fear that attends his first real-life responsibility -- the impending birth of his first child. The Know-It-All is an ingenious, mightily entertaining memoir of one man's intellect, neuroses, and obsessions and a soul-searching, ultimately touching struggle between the all-consuming quest for factual knowledge and the undeniable gift of hard-won wisdom.

The Most Dazzling Girl in Berlin Kip Wilson 2022-03-29 A fascinating historical novel about Hilde, an orphan who experiences Berlin on the cusp of World War II as she discovers her own voice and sexuality, ultimately finding a family when she gets a job at a gay cabaret, by award-winning author Kip Wilson. On her eighteenth birthday, Hilde leaves her orphanage in 1930s Berlin, and heads out into the world to discover her place in it. But finding a job is hard, at least until she stumbles into Café Lila, a vibrant cabaret full of expressive customers. Rosa, one of the club's waitresses and performers, immediately takes Hilde under her wing. As the café denizens slowly embrace Hilde, and she embraces them in turn, she discovers her voice and her own blossoming feelings for Rosa. But Berlin is in turmoil. Between the elections, protests in the streets, worsening antisemitism and anti-homosexual sentiment, and the beginning seeds of unrest in Café Lila itself, Hilde will have to decide what's best for her future . . . and what it means to love a place on the cusp of war.

Index L-Z British Library 2000 Over 2,000 manuscripts accessioned between 1991 and 1995 are described and indexed in this latest volume of the Catalogue of Additions. They range from a 9th-century fragment of St Aldhelm's work to papers of the contemporary author Edward Upward and the economist Sir Roy Harrod. The Trumbull family papers in 380 volumes are the largest of the historical collections catalogued here, whilst modern composers are especially well represented by the comprehensive archives of Cornelius Cardew, Humphrey Searle, Andrzej Panufnik and Sir Peter Maxwell Davies. Notable single volumes include two Books of Hours of the 14th and 15th centuries and Sir William Dugdale's "Book of Monuments" (1640-1641).
