Ethics for the Information Age Michael Jay Quinn 2006 Widely praised for its balanced treatment of computer ethics, Ethics for the Information Age offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

Exploring and Understanding Careers in Criminal Justice Matthew J. Sheridan 2016-01-21 This book explores the criminal justice career landscape by providing a glimpse into the different careers and advice on how to prepare to enter those career fields.

Criminal Justice Ethics Cyndi Banks 2018-12-31 Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics. This distinct and unique organization allows readers to understand real-life ethical issues before grappling with philosophical approaches to the resolution of these issues.

Ethics and the Conduct of Business John Raymond Boatright 2012 Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained

within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

Ethical Dilemmas and Decisions in Criminal Justice Joycelyn M. Pollock 2016-01-01 Packed with current, real-world examples, ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE, 9th Edition offers comprehensive, balanced, and practical coverage of ethics across all three arms of the criminal justice system: the police, the courts, and corrections. Readers find coverage of the philosophical principles and theories that are the foundation of ethical decision-making, as well as the latest challenges and issues in criminal justice -- the militarization of the police, mass imprisonment, wrongful convictions, the misuse of power by elected officials and/or other public servants, and more. The text provides a wealth of hands-on exercises as well as such insightful features as In the News boxes spotlighting recent examples of misconduct. For those studying or contemplating a career in criminal justice, real-life cases and situations demonstrate the significance of ethics in today's criminal justice arena. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminal Justice Ethics Cyndi Banks 2016-02-23 Criminal Justice Ethics, Fourth Edition examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by exploring moral dilemmas faced by professionals in the criminal justice system before examining the major theoretical foundations of ethics. This distinct organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of those issues.

Ethical Considerations for Research Involving Prisoners Committee on Ethical Considerations for Revisions to DHHS Regulations for Protection of Prisoners Involved in Research 2007-01-22 In the past 30 years, the population of prisoners in the United States has expanded almost 5-fold, correctional facilities are increasingly overcrowded, and more of the country's disadvantaged populations—racial minorities, women, people with mental illness, and people with communicable diseases such as HIV/AIDS, hepatitis C, and tuberculosis—are under correctional supervision. Because prisoners face restrictions on liberty and autonomy, have limited privacy, and often receive inadequate health care, they require specific protections when involved in research, particularly in today's correctional settings. Given these issues, the Department of Health and Human Services' Office for Human Research Protections commissioned the Institute of Medicine to review the ethical considerations regarding research involving prisoners. The resulting analysis contained in this book, Ethical Considerations for Research Involving Prisoners, emphasizes five broad actions to provide prisoners involved in research with critically important protections: • expand the definition of "prisoner"; • ensure universally and consistently applied standards of protection; • shift from a category-based to a risk-benefit approach to research review; • update the ethical framework to include collaborative responsibility; and • enhance systematic oversight of research involving prisoners.

Critical Issues in Policing Roger G. Dunham 2015-02-19 The Seventh Edition of Critical Issues in Policing includes many new and updated contributions that offer fresh perspectives and research on the most current trends in policing. The entire collection of 34 articles, carefully chosen for their

broad application, sharpens readers' sense and understanding of the complexities of police work. Styles of policing, uses of technology, and roles played by citizens in determining a proper measure of performance in law enforcement are among the essential topics addressed. Comprehensive and fair, *Critical Issues in Policing* provides ready access to the brightest and best minds in the field of policing, encouraging readers to hold police accountable for specific goals, tasks, and objectives and to work in concert with citizens to promote secure communities.

Police & Society Roy R. Roberg 2000-01

Model Rules of Professional Conduct American Bar Association. House of Delegates 2007 The *Model Rules of Professional Conduct* provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Ethics and the Practice of Forensic Science Robin T. Bowen 2017-09-20 While one would hope that forensic scientists, investigators, and experts are intrinsically ethical by nature, the reality is that these individuals have morality as varied as the general population. These professionals confront ethical dilemmas every day, some with clear-cut protocols and others that frequently have no definitive answers. Since the publication of the first edition of *Ethics and the Practice of Forensic Science*, the field of forensic science has continued to see its share of controversy. This runs the gamut of news stories from investigators, lab personnel, or even lab directors falsifying results, committing perjury, admitting to fraud, to overturned convictions, questions about bias, ethics, and what constitutes an "expert" on the witness stand. This fully updated edition tackles all these issues—including some specific instances and cases of unethical behavior—and addresses such salient issues as accreditation requirements, standardization of ethical codes, examiner certification, and standards for education and training. The new edition provides: A new chapter on the "Ferguson Effect" faced by the criminal justice system The context of forensic science ethics in relation to general scientific ethics, measurement uncertainty, and ethics in criminal justice Ethical conundrums and real-world examples that forensic scientists confront every day The ethics and conduct codes of 20 different forensic and scientific professional organizations An outline of the National Academies of Science (NAS) recommendations and progress made on ethics in forensic science since the release of the NAS report *Ethics and the Practice of Forensic Science, Second Edition* explores the range of ethical issues facing those who work in the forensic sciences—highlights the complicated nature of ethics and decision-making at the crime scene, in the lab, and in the courts. The book serves both as an essential resource for laboratories to train their employees and as an invaluable textbook for the growing number of courses on ethics in criminal justice and forensic science curricula. Accompanying PowerPoint® slides and an Instructor's Manual with Test Bank are available to professors upon qualifying course adoption.

Medical Law and Ethics Jonathan Herring 2012-04-05 This text provides an accessible guide to medical law, designed specifically for students. It will give readers not only an understanding of the law, but by using sociological and critical perspectives students will be able to appreciate the operation of the law in practice, and the ambiguities and tensions within it.

Culturally Relevant Ethical Decision-Making in Counseling Rick Houser 2006-04-12 *Culturally Relevant Ethical Decision-Making in Counseling* presents a hermeneutic orientation and framework to address contextual issues in ethical decision-making in counseling and psychotherapy. Authors Rick Houser, Felicia L. Wilczenski, and Mary Anna Ham incorporate broad perspectives of ethical theories which are grounded in various worldviews and sensitive to cultural issues.

Managing Business Ethics Linda K. Trevino 2016-09-13 TRY (FREE for 14 days), OR RENT this

title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Ethical Problems in the Practice of Law Lisa G. Lerman 2018-01-31 *Ethical Problems in the Practice of Law, Concise Fourth Edition* is the briefer version of Lerman and Schrag's highly successful problem-based textbook that offers a contemporary and thoughtful approach to challenging ethical dilemmas, encouraging deep analysis and lively class discussion. Key Features: Succinct and accessible explanation of lawyer law in question and answer format Numerous problems based on actual cases, in which students must analyze the ethical and strategic issues as if they were practicing lawyers Focus on issues that students are most likely to face in their early years of practice Stimulating presentation of materials, including cartoons, tables, and photos New to the Fourth Edition: Updates of countless recent developments in lawyer law, including the amendments to Rules 1.6, 1.18 and 8.4 Up-to-date discussions of how the Internet is affecting law practice, including the use of e-mail and social media Engaging two-color design New chapter on the changing legal profession Reorganized so that the chapters match the practice MPRE questions in Lerman, Schrag, and Gupta's *Ethical Problems in the Practice of Law: Model Rules, State Variations and Practice Questions*.

Dilemmas of Educational Ethics Meira Levinson 2019-01-02 Educators and policy makers confront challenging questions of ethics, justice, and equity on a regular basis. Should teachers retain a struggling student if it means she will most certainly drop out? Should an assignment plan favor middle-class families if it means strengthening the school system for all? These everyday dilemmas are both utterly ordinary and immensely challenging, yet there are few opportunities and resources to help educators think through the ethical issues at stake. Drawing on research and methods developed in the Justice in Schools project at the Harvard Graduate School of Education, *Dilemmas of Educational Ethics* introduces a new interdisciplinary approach to achieving practical wisdom in education, one that honors the complexities inherent in educational decision making and encourages open discussion of the values and principles we should collectively be trying to realize in educational policy and practice. At the heart of the book are six richly described, realistic accounts of ethical dilemmas that have arisen in education in recent years, paired with responses written by noted philosophers, empirical researchers, policy makers, and practitioners, including Pedro Noguera, Howard Gardner, Mary Pattillo, Andres A. Alonso, Jamie Ahlberg, Toby N. Romer, and Michael J. Petrilli. The editors illustrate how readers can use and adapt these cases and commentaries in schools and other settings in order to reach a difficult decision, deepen their own understanding, or to build teams around shared values.

Health Care Law and Ethics Mark A. Hall 2018-02-26 *Health Care Law and Ethics, Ninth Edition* offers a relationship-oriented approach to health law—covering the essentials, as well as topical and controversial subjects. The book provides thoughtful and teachable coverage of every aspect of health care law. Current and classic cases build logically from the fundamentals of the patient/provider relationship to the role of government and institutions in health care. The book is adaptable to both survey courses and courses covering portions of the field. Key Features: New authors Nick Bagley and Glenn Cohen Incorporated anticipated changes to the Affordable Care Act More current cases and more streamlined notes, including ones on medical malpractice, bioethics, and on finance and regulation More coverage of “conscientious objection” and “big data” - Discussion of new “value based” methods of physician payment - Expanded coverage of

“fraud and abuse” Current issues in public health (e.g., Ebola, Zika) and controversies in reproductive choice (e.g., Hobby Lobby) Coverage of cutting-edge genetic technologies (e.g., gene editing and mitochondrial replacement)

Research Methods for Criminal Justice and Criminology With Infotrac Michael G. Maxfield 2005

Based on Earl Babbie's best-selling text, *THE PRACTICE OF SOCIAL RESEARCH*, this text combines the key strengths of Babbie's text (accessibility; a conversational, "friendly" writing style; and great examples) with Michael G. Maxfield's expertise in criminology and criminal justice for a text that addresses the specific methods used in criminal justice research. The new edition of this market-leader includes changes in its coverage of ethics, causation, validity, and research design, as well as updated coverage and statistics, and expanded examples, especially in the discussion of field research. A running case study on the dropping crime rate in New York City a study to which co-author Maxfield has close links further demonstrates the important role of research methods in our evolving understanding of crime and society.

Ethics and Canadian Law Enforcement Richard Parent 2018-08-22 *Ethics and Canadian Law Enforcement* offers a comprehensive overview of law enforcement decision-making procedures in Canada, and evaluates the ethical conduct expected of law enforcement personnel, such as police officers, sheriffs, correctional officers, and private security. Dr. Richard Parent, a police officer for more than 30 years, draws on his professional experience to examine codes of conduct, internal investigations, misconduct and discipline, and the purpose of the civilian review. This text provides an exceptional overview of the theories, personal morals, values, and tenets of professionalism that lay the foundation for ethical decision-making. Selected topics examine the use of force; on and off-duty challenges; issues of accountability and oversight; the application of issued firearms; diversity in the law enforcement workforce; and the considerations that are unique to law enforcement policies within Indigenous communities. This accessible resource, which features boxed examples, chapter summaries, key terms, self-evaluation questions, and critical thinking exercises, is ideal for college and university students enrolled in police foundation and criminal justice programs, as well as law enforcement training agencies.

Justice, Crime, and Ethics Michael C. Braswell 2014-05-05 *Justice, Crime, and Ethics*, a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. This eighth edition continues to deliver a broad scope of topics through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The book's robust coverage encompasses contentious issues such as capital punishment, prison corruption, the use of deception in police interrogation, and many more. New content includes new material on juvenile justice, corporate crime, and prosecutorial misconduct. Students of criminal justice, as well as instructors and professionals in the field, will continue to rely on this thorough, dependable resource on ethical decision-making in the criminal justice system. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice. Discussion questions and lists of key concepts focus students and help them to understand ethics in the context of the criminal justice system. New chapters cover ethical issues related to juvenile justice and corporate misconduct, and chapters on police and prosecutor ethics have been extensively updated. A full suite of online ancillaries for instructors and students adds value to lectures and enriches the learning experience.

Ethics in Criminal Justice Sam S. Souryal 2014-10-24 Introducing the fundamentals of ethical theory, this text exposes the reader to the ways and means of making moral judgments by covering the teachings of the great philosophers, sources of criminal justice ethics and unethical patterns in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The fourth edition features expanded discussion of the formula of ethical discretion to enhance students' understanding of ethics decision making in

real-life situations, as well as a new chapter on the ethics of loyalty and loyalties in the workplace.

ETHNIC REALITIES OF MEXICAN AMERICANS Martin Guevara Urbina 2014-03-01 The goal of this book is to examine the ethnic experience of the Mexican American community in the United States, from colonialism to twenty-first century globalization. The authors unearth evidence that reveals how historically white ideology, combined with science, law, and the American imagination, has been strategically used as a mechanism to intimidate, manipulate, oppress, control, dominate, and silence Mexican Americans, ethnic racial minorities, and poor whites. A theoretical and philosophical overview is presented, focusing on the repressive practice against Mexicans that resulted in violence, brutality, vigilantism, executions, and mass expulsions. The Mexican experience under "hooded" America is explored, including religion, the Ku Klux Klan, and the Mexican American Civil Rights Movement. Local, state, and federal laws are documented, often in conflict with one another, including the Homeland Security program that continues to result in detentions and deportations. The authors examine the continuing argument of citizenship that has been used to legally exclude Mexican children from the educational system and thereby being characterized as not fit for the classroom nor entitled to an equitable education. Segregation and integration in the classroom is discussed, featuring examples of court cases. As documented throughout the book, American law is a constant reminder of the pervasive ideology of the historical racial supremacy, socially defined and enforced ethnic inferiority, and the rejection of positive social change, equality, and justice that continues to persist in the United States. The book is extensively referenced and is intended for professionals in the fields of sociology, history, ethnic studies, Mexican American (Chicano) studies, law and political science and also those concerned with sociolegal issues. [Description Here](#)

Finite and Infinite Goods Robert Merrihew Adams 1999-07-29 Renowned scholar Robert Adams explores the relation between religion and ethics through a comprehensive philosophical account of a theistically-based framework for ethics. Adams' framework begins with the good rather than the right, and with excellence rather than usefulness. He argues that loving the excellent, of which adoring God is a clear example, is the most fundamental aspect of a life well lived. Developing his original and detailed theory, Adams contends that devotion, the sacred, grace, martyrdom, worship, vocation, faith, and other concepts drawn from religious ethics have been sorely overlooked in moral philosophy and can enrich the texture of ethical thought.

The Successful Internship H. Frederick Sweitzer 2018-05-07 THE SUCCESSFUL INTERNSHIP: PERSONAL, PROFESSIONAL, AND CIVIC DEVELOPMENT, 5th Edition, focuses on the internship as a vehicle for personal, professional and civic development. It addresses the concerns, emotions, needs and unique personal challenges that are the essence of an internship or field experience. The authors detail the path on which students will embark and the challenges they'll face along the way--providing clear, concrete tools that build the foundation for students' successful field/practicum experience. The text's four-stage model of the internship process--anticipation, exploration, competence and culmination--organizes the material into a meaningful framework that helps students understand the work they will be doing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Justice, Crime, and Ethics Michael C. Braswell 2010-04-07 The contributions in this book examine ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. Comprehensive coverage is achieved through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy and philosophical issues. Overviews tie the chapters together with a thematic structure. Key concepts, discussion questions and case studies enhance the text.

Empowerment Series: Social Work and Social Welfare Rosalie Ambrosino 2015-02-03 Reflecting the latest practices, accreditation requirements, and developments from the field, the eighth edition of bestselling SOCIAL WORK AND SOCIAL WELFARE gives readers a broad understanding about the social work profession and the role it plays in the social welfare system. Part of the

Brooks/Cole Empowerment Series, the text is completely up to date and thoroughly integrates the core competencies and recommended practice behaviors outlined in the current Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). With its signature systems/ecological approach to understanding social welfare, the book focuses on specific social welfare areas in which social workers play major roles in policy and practice. It adopts the philosophy that there are many reasons why social problems occur, and that students need to understand the history, values, and economic, political, and cultural factors that surround these issues and the attempts to solve or address them. Instead of presenting a specific political perspective, the authors encourage readers to think critically about issues in a new way. Each chapter opens with a vignette about a social worker in a specific setting and closes with information about the career opportunities for social workers in the area discussed. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics in Criminal Justice Sam S. Souryal 2019-10 Introducing the fundamentals of ethical theory, Ethics in Criminal Justice: The Search for Truth, 7th Edition, exposes the reader to the ways and means of making moral judgments by exploring the teachings of the great philosophers, sources of criminal justice ethics, and ethical issues in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The seventh edition features discussion of current critical issues in criminal justice: accusations of racism, police shootings, stop-and-frisk policy, marijuana laws, mass incarceration, life sentences, prison privatization, the swift and certain deterrence model of probation, excessive probation fees, and the good lives model in corrections. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students' understanding of real-life ethics decision making. Suitable for advanced undergraduates or graduate students in Criminal Justice programs in the US and globally, this text offers a classical view of ethical decision making and is well-grounded in specific case examples. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students' understanding of real-life ethics decision making. Suitable for advanced undergraduates or graduate students in Criminal Justice programs in the US and globally, this text offers a classical view of ethical decision making and is well-grounded in specific case examples.

Legal Ethics Jonathan Herring 2017-03-09 Who would or should defend a potential murderer in court? How do professions regulate themselves? Is 'no win-no fee' an ethical system? Where is the line in a 'suitable' client-advocate relationship? Jonathan Herring provides a clear and engaging overview of legal ethics, highlighting that the issues surrounding professional conduct are not always black and white and raising interesting questions about how lawyers act and what their role entails. Key topics, such as confidentiality, negligence, and fees are covered, with references throughout to the professional codes of conduct. Features throughout the textbook to aid student learning include the highlighting of key cases, principles, and definitions; the inclusion of a variety of viewpoints through coverage of cases, popular media, and scholarly articles; and use inclusion of 'digging deeper' and 'alternative viewpoint' boxes which encourage critical reflection and better understanding of key theories and topics. The well developed online resource centre includes Podcasts linked to the 'what would you do' chapter features, video debates, relevant updates and web links.

Case Studies in Criminal Justice Ethics Michael Braswell 2011-08-30 Building on the success of the popular first edition, the authors provide hypothetical criminal justice scenarios for analysis, having found in their experience as teachers that the process adds depth and dimension to the

study of justice and ethics. This expanded second edition offers ten new cases addressing the intricate process of moral and ethical decision making. Focusing on both personal and social context, the authors explore true-to-life situations and encourage readers to think about the possible consequences that could result from the choices they make. The case studies provide realistic portrayals of current dilemmas in policing, courts, corrections, and juvenile justice. Political and noble cause corruption, perjury and judicial/prosecutorial misconduct, ethnic and gender prejudice, and many other social and criminal justice themes are featured. Following each scenario are thought-provoking questions to facilitate personal reflection and class discussion. Each section contains a bibliography of topical books and articles for readers interested in a more in-depth treatment of the issues.

The Counselor and the Law Anne Marie Wheeler 2015-01-29 Each chapter in *The Counselor and the Law* has been updated to reflect changes in the 2014 ACA Code of Ethics, findings of recent court cases, and new federal and state legislation. Attorney Nancy Wheeler and Burt Bertram, a private practitioner and counselor educator, provide a comprehensive overview of the law as it pertains to counseling practice; an in-depth look at counselors' legal and ethical responsibilities; and an array of risk management strategies. This edition contains a thoroughly updated chapter on distance counseling, technology, and social media; regulatory updates to the HIPAA and the HITECH Act; and recent case law developments regarding legal risks for counselor educators. The issues surrounding civil malpractice liability, licensure board complaints, confidentiality, duty to warn, suicide and threats of harm to self, professional boundaries, records and documentation, and managing a counseling practice are also addressed in detail. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Ethical Dilemmas and Decisions in Criminal Justice Joycelyn M. Pollock 2013-01-01 Packed with real-world examples, *ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE*, 8e delivers comprehensive, balanced, and practical coverage of ethics across all three arms of the criminal justice system: police, court, and corrections systems. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethical Issues in Social Work Richard Hugman 1995 This book provides up-to-date critical analyses of the ethical implications of new legislation in community care and criminal justice, and of trends in social work thought and policy, such as managerialism, user empowerment and feminism.

Law and Ethics in the Business Environment Terry Halbert 2014-02-01 Blending theory with real-life applications, the 8th Edition of *LAW AND ETHICS IN THE BUSINESS ENVIRONMENT* presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Governance Ethics in Healthcare Organizations Gerard Magill 2020-02-20 Drawing on the findings of a series of empirical studies undertaken with boards of directors and CEOs in the United States, this groundbreaking book develops a new paradigm to provide a structured analysis of ethical healthcare governance. *Governance Ethics in Healthcare Organizations* begins by presenting a clear framework for ethical analysis, designed around basic features of ethics – who we are, how we function, and what we do – before discussing the paradigm in relation to clinical, organizational and professional ethics. It goes on to apply this framework in areas that are pivotal for effective governance in healthcare: oversight structures for trustees and executives, community benefit,

community health, patient care, patient safety and conflicted collaborative arrangements. This book is an important read for all those interested in healthcare management, corporate governance and healthcare ethics, including academics, students and practitioners.

The Handbook of Social Research Ethics Donna M. Mertens 2009 Brings together international scholars across the social and behavioural sciences and education to address those ethical issues that arise in the theory and practice of research within the technologically advancing and culturally complex world in which we live.

Doing Justice Preet Bharara 2019-03-19 *A New York Times Bestseller* An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the Doing Justice podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to subvert it. Bharara believes in our system and knows it must be protected, but to do so, he argues, we must also acknowledge and allow for flaws both in our justice system and in human nature. Bharara uses the many illustrative anecdotes and case histories from his storied, formidable career—the successes as well as the failures—to shed light on the realities of the legal system and the consequences of taking action. Inspiring and inspiringly written, Doing Justice gives us hope that rational and objective fact-based thinking, combined with compassion, can help us achieve truth and justice in our daily lives.

Sometimes poignant and sometimes controversial, Bharara's expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society. Ethics for A-Level Mark Dimmock 2017-07-31 What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

LAW and ETHICS for HEALTH PROFESSIONS 8E Karen Judson 2018-01-03 Law and Ethics for Health Professions explains how to navigate the numerous legal and ethical issues that health care professionals face every day. Topics are based upon real-world scenarios and dilemmas from a variety of health care practitioners. Through the presentation of Learning Outcomes, Key Terms, From the Perspective of, Ethics Issues, Chapter Reviews, Case Studies, Internet Activities, Court Cases, and Video Vignettes, students learn about legal and ethical problems and situations that health care professions currently face. In the eighth edition, chapter 3 contains an expanded section on accreditation of hospitals and other patient care facilities, and of health care education programs. Students also use critical thinking skills to learn how to resolve real-life situations and theoretical scenarios and to decide how legal and ethical issues are relevant to the health care profession in which they will practice.
